"We tried partnering with local vendors but their lead times were too long and we didn't want our teams to have to travel to the town where the retailer was to get sized out. We've had no complaints about the switch to Admiral. I like the fact we've been able to customise for a competitive price and i really like the online store."

GEAR UP LIKE A PRO

"Our clubs get to build their brand by customising, designing and building their own equipment, not just buying what's available. And it's quality product at a very good price. I'd recommend Admiral because; 1) You can build your brand as a club, 2) There's direct access to the leadership of Admiral and the fact that they care, 3) With their wholesale prices and online ordering Admiral make the club the retailer which means the club can generate revenue from what they sell and re-invest that back in to the game."

Jason Hawkins

HEAT PRESS

We use heat to add logos, numbers and names. This is a very popular and affordable option with fast production that creates lightweight printed materials with a professional look.

SCREEN PRINT

Durable inks are applied directly to your gear and can be used for all types of team logos. Screen printing provides classic style and great durability.

EMBROIDERY

Perfect for thicker items like warm-ups or bags. You can have logos, numbers and names sewn onto your items for a durable and high quality look.

SUBLIMATION

Ink designs are heated and embedded directly into the fabric so designs will never fade. Our sublimation machine will be up and running soon, and designs will initially be limited to socks and scarves.

CARE OF INSTRUCTIONS

Admiral will not accept responsibility for damage to product where care instructions are not followed:

A- TURN THE PRODUCT INSIDE OUT

Before putting it into the washer. This will help protect names, numbers or patches.

B- PRE-SOAKING IS ESSENTIAL

In getting items clean, rinse off items to remove as much loose dirt and mud as possible.

C- DO NOT USE CHLORINE BLEACH ON ITEMS

It is not effective for polyester fabrics and can even damage the material.

D- DO NOT WASH WITH OTHER CLOTHES

E- WASH IN COLD WATER

Never use hot water this can damage lettering and numbers. Hot water will set stains making them harder to remove.

F- NEVER PUT APPAREL IN A DRYER

Lay flat and hang dry. High heat causes shrinking, sets in stains and fades colors.
