# 2013 SEASON

PROUD SUPPLIER TO NASL CHAMPIONS TAMPA BAY ROWDIES

[www.admiralsoccer.com](http://www.admiralsoccer.com)

# READY<sup>2</sup>PLAY GUARANTEE

We are inspired every day by the focus and effort all our teams and their coaches put in to being the best soccer players they can be. It's the constant practice and coaching that makes the youngest players of today the potential Pro's of the future. Whether in recreational teams with volunteer coaches or professional teams, you need to be "ready to play" in a kit that makes you look sharp, feel sharp and play sharp.

Our Brand and its heritage are legendary; We were the first sportswear brand in soccer, the first brand to copyright its designs, the first to put a logo on the outside of a jersey, the first to create a replica market, the first to sponsor the England team. We've been worn by Manchester United, Tottenham, West Ham, England, New York Cosmos, Tampa Bay Rowdies and many others. The world's best players have trusted Admiral to perform as well as they do from Pele, to Beckenbauer, Moore and Keegan. Admiral's history, like the players who have worn its product, is legendary.

Today the brand is once again worn by champions; Minnesota Stars, the Puerto Rico Islanders and Tampa Bay Rowdies plus numerous teams in the USL, PASL, other leagues and Associations throughout the USA.

Owning our factory locally allows us to make uniform's to order. This means you don't have to order from a fixed catalog with set styles months in advance. Our made to order kits come in many styles, color options, children's and women's fit, with custom logos in any quantity. There's no delays in shipping from overseas or issues when it comes to short run replacements.

Factory pricing allows recreational teams to buy market leading kit packages and travel, select & professional teams to buy fully customized uniforms at highly competitive prices.

Our Ready to Play Guarantee ensures we deliver a service as legendary as our Brand.

***We commit to deliver as promised or we'll give you 25% back.***

We don't hide behind layers of people, management and third parties. Whilst we have a great customer service team, if you want to speak to me here's my direct line 305 704 8081 and my email [paul@admiralsoccer.com](mailto:paul@admiralsoccer.com). We know you're accountable for results on the pitch and we're accountable for making you look great when you go out there.

Have a great season and we look forward to working with you.

# Take our customers word for it!

## PR Islanders - NASL TEAM - Adrian Whitbread - Head Coach.

"This season we played an important game against San Antonio in Texas. After leaving Puerto Rico we found we hadn't brought with us some items needed for the game. The guys at Admiral made additional items for us in less than 24 hours and had one of their staff fly to Texas the following morning to bring the kit to us. We won the game! They didn't let us down when we needed them and went well beyond what we've ever seen a supplier do. They've done a fantastic job for us and the quality of apparel is top draw!!!!"

JERSEY EXPRESS; USL PDL TEAM - Gali Maimon, Formerly GM Brooklyn Knights now General Manager at Jersey Express " Many sports brands compete for a soccer clubs business. Most of these clubs do not think beyond the brand and price, but once the deal is done, service is key. When will your club get it's merchandise? How will the supplier treat you when you need a problem solved in 24 hours? Last December our club were training with the UEFA Champions League Club Maccabi Haifa. We wanted a gift for our visitors so we called Admiral and they sent custom kit packages with logos and player initials in two days. I have worked in Soccer Club management, kit merchandising and printing for the past 35 years and Admiral Soccer is second to none for service and delivery."

MASS UNITED; NPSL TEAM - Jim Antonakas - Owner. On April 30th Admiral received an order from Jim for embellished kit the order was shipped one day later on May 1st..."Thanks so much you are the best and I will never doubt you!"

MICHIGAN BUCKS, USL PDL TEAM - 2012 USL PDL Regular Season Champions - Dan Duggan, Chairman and CEO - "They are the oldest soccer brand in the world, which is impressive in itself, but what made the difference to us is that they have a fresh approach to their product line that is comfortable to wear and appealing to the fans. Their customer service record is second to none so we are proud to have them partner not only with us, but with any of the local teams in the area that are in need of great prices and even better service."

MINNESOTA STARS; NASL TEAM - Kevin Friedland, Director of Business Development. "On the 16th Oct we wrote to the team at Admiral to confirm we'd made it through to the NASL Championship final and needed replica jerseys to sell at our game on the 22nd Oct. They delivered what we needed."

NVSC - NORTH VALLEY SOCCER CLUB, Arizona; Jane Fallon. "Your service has been stellar and the price can't be beat. We have enjoyed an excellent working relationship and appreciate all that you do. Look forward to continuing to work with you on the recreational team gear. Thanks for all your support!"

OCALA STAMPEDE; 2012 USL PDL SouthEast Division Champions - Bill Reed - Owner. "Hope you are doing well. Love the kits, I'm sure it's the reason we won the Championship!"

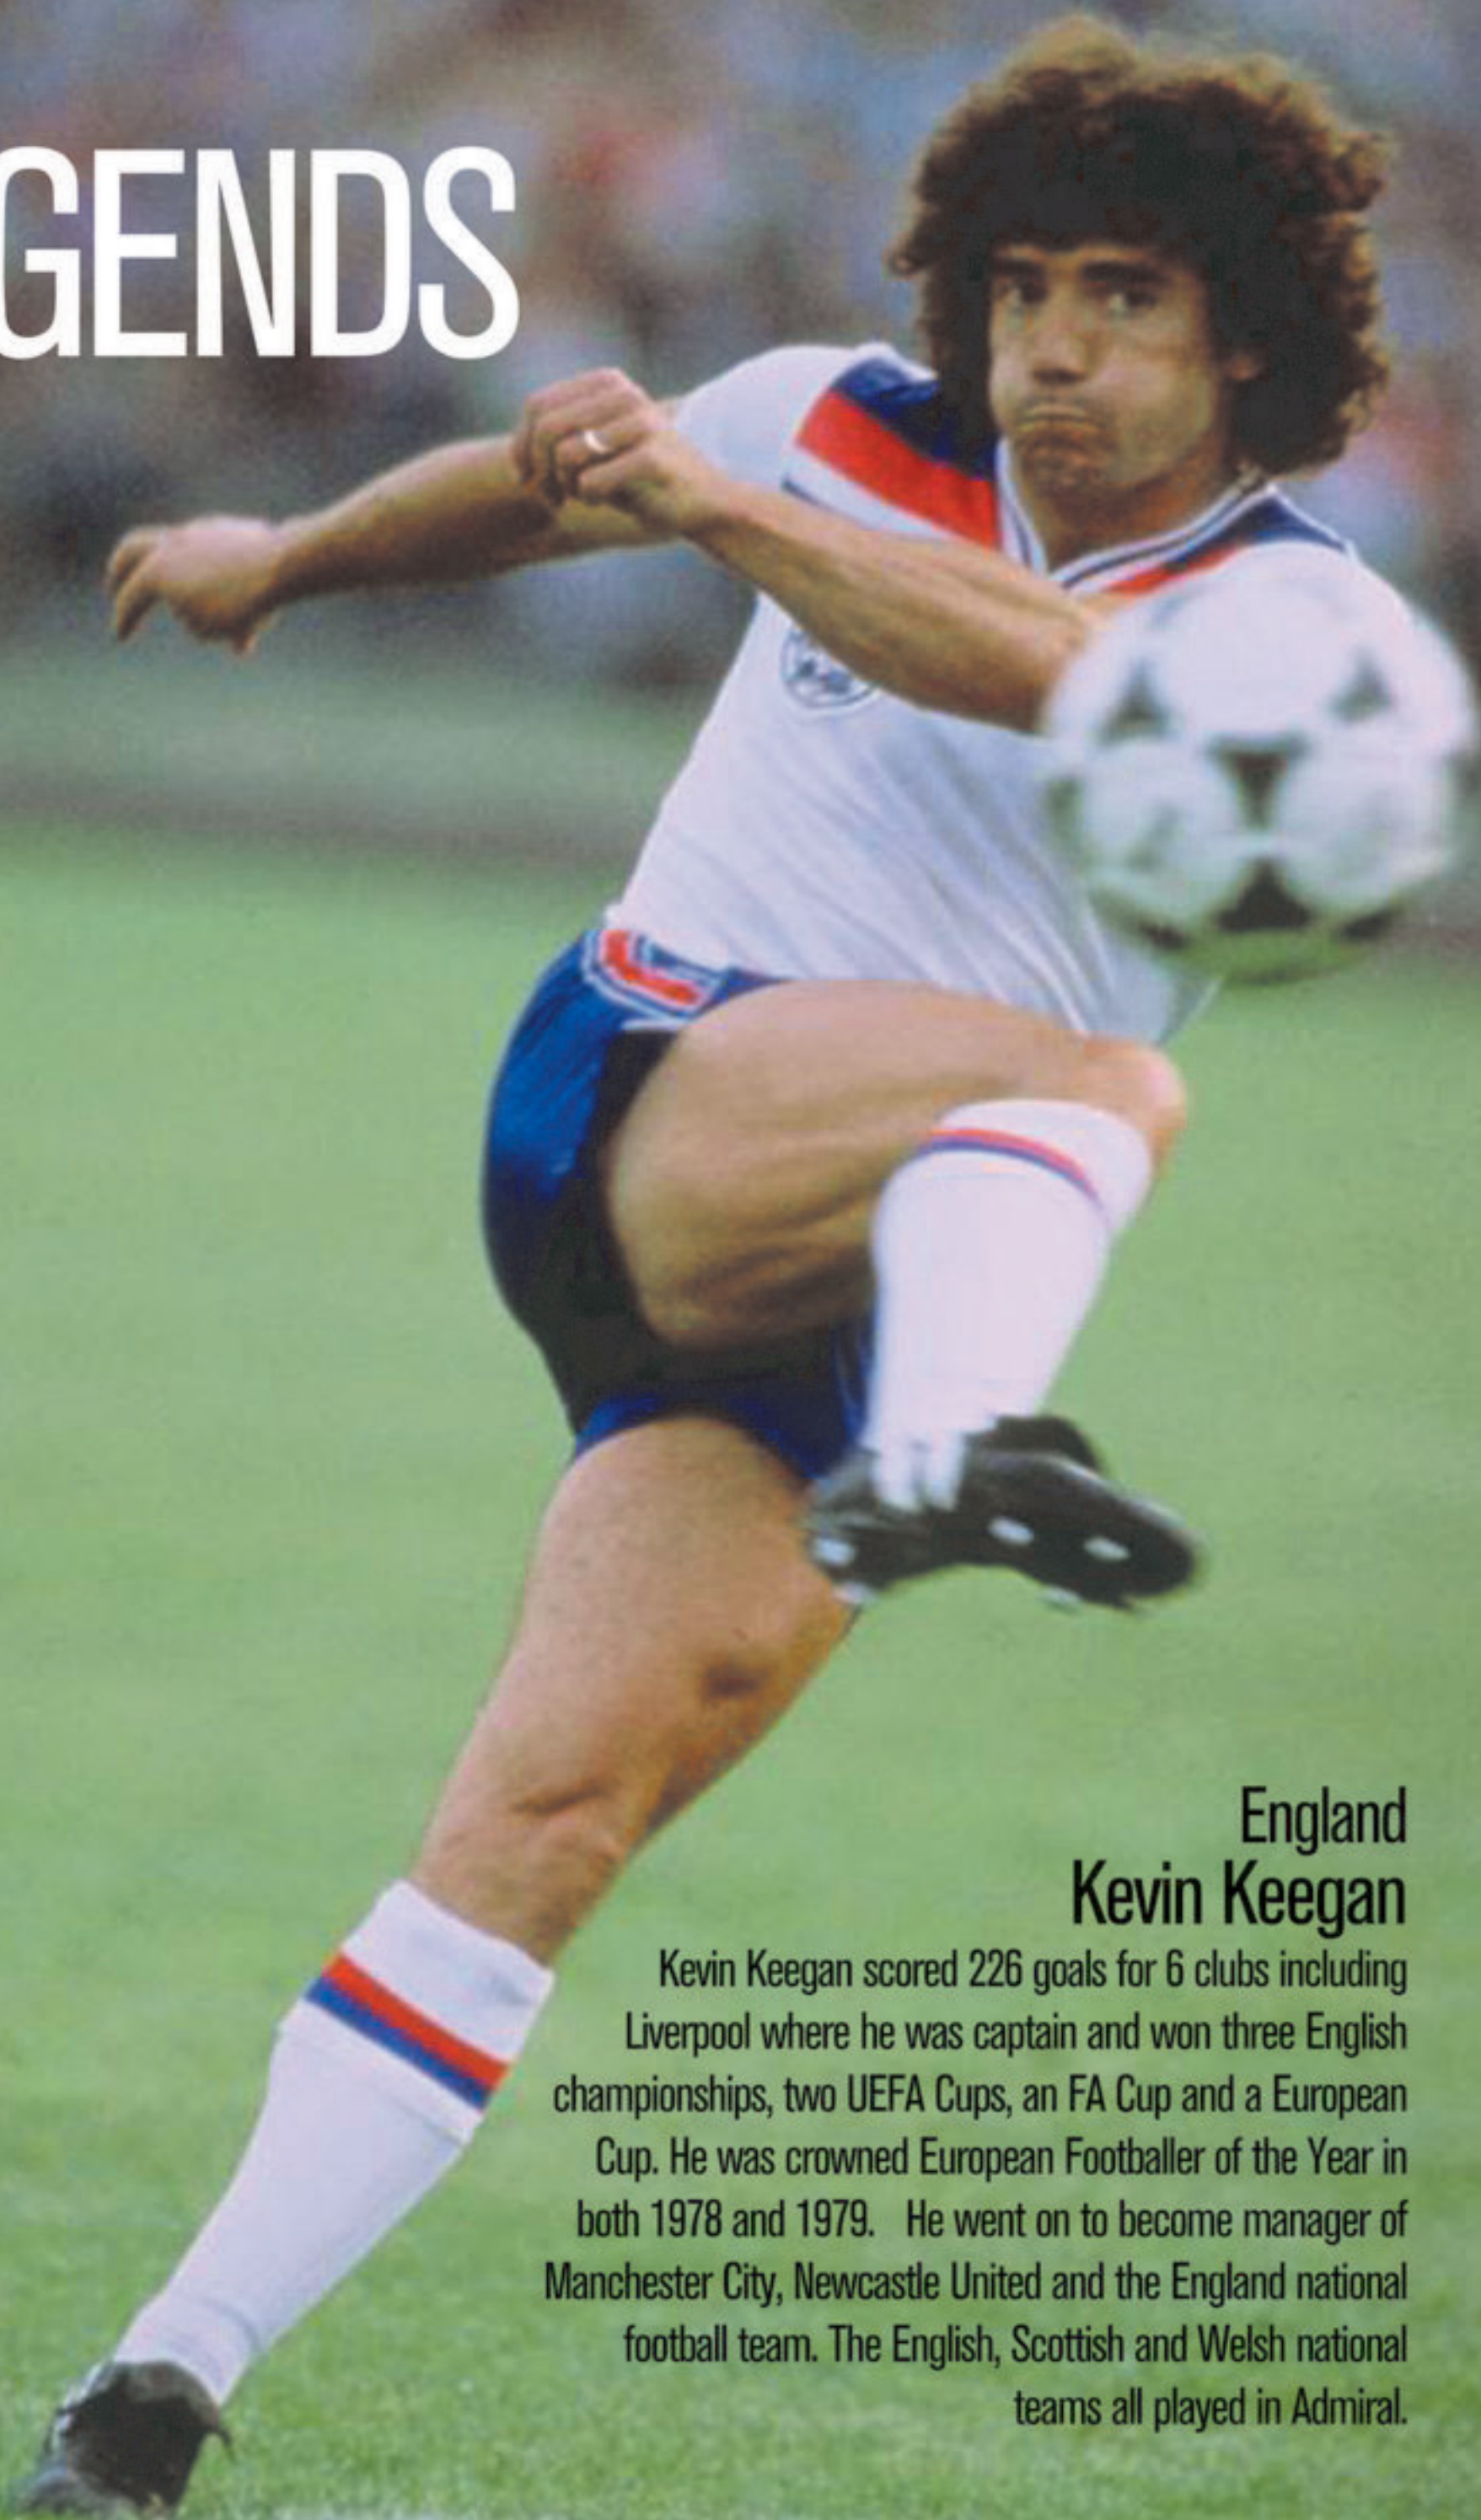

S. W. VIRGINIA KINGS WARRIORS - Joshua Shimmel, Director of Operations. "The jerseys have been great! We want to order more of the gear you made for us. We have been getting lots of compliments from fans and players."

VIRGINIA BEACH PIRANHAS; USL PDL TEAM - Marcie Laumann - President "Just a quick update on our Admiral gear. It has been unbelievably great working with Admiral. We have gotten orders custom made at the last minute and sent in days. Paul and the entire staff at Admiral have been the best company I have worked with for gear in 18 seasons."

# WORN BY LEGENDS

## England Kevin Keegan

Kevin Keegan scored 226 goals for 6 clubs including Liverpool where he was captain and won three English championships, two UEFA Cups, an FA Cup and a European Cup. He was crowned European Footballer of the Year in both 1978 and 1979. He went on to become manager of Manchester City, Newcastle United and the England national football team. The English, Scottish and Welsh national teams all played in Admiral.

# WORN BY LEGENDS

During the First World War the company manufactured apparel for the troops and it was from this link with the military that the Admiral story began. Until the 1970s the company had a contract with the Royal Navy to supply rugby shirts as every sailor was issued with a white and a navy colored shirt for use in sports. The Admiral trademark was registered in 1922. The Admiral logo was based on the sleeve of a Naval Admiral's uniform. During the Second World War, our factory operated around the clock to produce clothing for the troops.

The 1966 World Cup brought the company the first taste of sports sponsorship when Admiral produced England jerseys for Gordon Banks, the England and Leicester City goalkeeper. The shirts did not carry the Admiral logo but they were made in our factory. With England winning the 1966 World Cup the popularity and demand for football in the English speaking world increased. For example, it was as a result of the England win that plans were made to establish the North America Soccer League; many members of which wore Admiral shirts in the 1970s.

The success of the England team, coupled with the arrival of color television would have long lasting implications for the design and production of soccer kit. Admiral was the first apparel company to put its brand logo on the outside of the Jersey. Admiral was the first company to guarantee replacement garments should there be a complaint within a year of purchase. The first team-wear manufacturer to copyright its designs.

In 1971 Admiral secured a contract to supply the British Lions rugby team on their tour of New Zealand. In 1972 we supplied the uniforms worn by the British women's team at the Munich Olympics. In 1973 Leeds United became the first English club to wear Admiral branded kit. In 1974 the public was able to buy England branded replica kit as part of a deal secured with the English FA. The newly designed kit was worn for the first time when England beat Czechoslovakia. Admiral continued to sign up clubs throughout the 1970s and also secured a deal with the Welsh & Scottish FA. In 1976 Southampton and Manchester United were both FA Cup finalists. Both teams had sponsorship contracts with Admiral. Admiral continued to have FA Cup finalists in 1977, 1979 and 1980.

In 1978 an audience of 76,000 saw the New York Cosmos beat the Tampa Bay Rowdies in the North America Soccer League Championships in New York. Admiral supplied kit for the New York Cosmos. The kit was designed by Ralph Lauren and made by Admiral.

The brand has been worn by sports legends Pele, Beckenbauer, Keegan, Best and Moore. Today the brand is one again worn by sport legends in professional teams across the globe from the Tampa Bay Rowdies (Current NASL Soccer Bowl Champions), to the West Indies Cricket team (Current Twenty20 Cricket World Cup Champions).

Kevin Keegan

Manchester United beat Liverpool 2-1 to win the 1977 FA Cup in Admiral.

# STYLE & FABRICS

## **VAPORDRAW**

Is a highly technical process of knitting fabric to enable the yarns to transport water away from your skin. Its increased surface area increases the evaporation rate, so apparel will dry quickly and eliminate chill. All of our Teamwear fabrics feature our VaporDraw technology.

## **VAPORSOFT**

This “dobby” knit is knitted with 144F high count polyester which makes the fabric feel extremely soft and lightweight.

## **VAPORMESH**

Strategically placed mesh insets and panels provide ventilation over high-heat zones which helps regulate temperature during play. It is lightweight and durable. VaporMesh also adds style as an accent to the main fabric.

## **VAPORLITE**

This “Interlock” flat knit polyester is soft, light and very comfortable. The flat knit allows for bright color combinations.

## **VAPORLITE-PRO**

This fabric is similar to our Interlock in construction, weight and feel. During the knitting process, the computerized knitting machine drops a needle to give this fabric a distinctive vertical pinstripe.

## **ACTIVE-KNIT**

Our latest version of this fabric is a Pique (from the French word meaning quilted) knitted fabric with stretch. It is very soft but knitted to a weight to be appropriate for outerwear. Our newest fabric is featured in the new Canterbury Jacket, Fulham Pant and Carlisle ¾ pant.

## **PRO-FIT**

Engineered for the Athlete, Pro Fit is a performance cut that is more tailored to your body. This fit is very popular in professional leagues throughout the world. The Pro Fit features shorter fitted sleeves, smaller arm holes and sculpted shoulders. It's styled to be body fitting, provides optimal ventilation and airflow whilst strategically placed seams allow for maximum comfort & performance.

## **ACTIVE-FIT**

More traditional fit. Open sleeves, standard chest and high point shoulder lengths. A very comfortable construction.

## **CUSTOMIZE-IT**

Allows you to customize the design of “Your Kit Your Way” whether it is sublimation or special cut piece designs. We can do it for you.

## **FINISH-IT**

Add your Name, team logo, number and sponsor logos. Want to go out and get 10 sponsors for your shirt, no problem, we will do it for you.

PUERTO RICO ISLANDERS; NASL TEAM  
Carola Pierluisi - Director of Customer  
Services

*On Dec 27th the Islanders placed an order  
for coaches apparel for an event on the 3rd  
Jan. The day after they ordered the  
product it was shipped. "You guys are  
awesome and that's why we picked you!  
We are REALLY GRATEFUL!"*

# YOUR KIT YOUR WAY

*Allows you to customize the fit and design of YOUR KIT YOUR WAY. Because we are factory direct you can choose the; style, fabric, color, fit, size, embellishment and we will make YOUR KIT YOUR WAY.*

Sublimation is the process behind **YOUR KIT YOUR WAY**. If you can think of it we can subliminate it. The process itself involves fusing ink directly into the fibres of a fabric. As a result your team name, logo, number and whatever else you need on the jersey can be made part of the fabric.

1. Design it

2. Print it

3. Place it

4. Transfer it

5. Stitch it.

6. Wear it

To order **YOUR KIT YOUR WAY** call **888 646 6822**

# FINISH-IT

Admiral offers a number of alternatives for embellishing your garments. Our customer service experts can recommend what is right for you!"

## DIGITAL TRANSFER

A polyurethane material that is digitally printed using special Eco-solvent inks and then heat transferred onto the garment. Digital transfers can be used for smaller volumes of logos and as it is digital, no detail is too small. Half tones, full color process and even the slightest detail are all possible using the Digital Transfer.

## WOVEN CREST

Woven with high count polyester threads by a digital weaving machine, the Woven Crest offers about 60% higher definition in the crest (meaning precise detail) over direct embroidery. It is also about 25% of the weight of an embroidered crest or direct embroidery and about 20% of the thickness. The woven crest doesn't penetrate the garment and rub on the players chest making it more comfortable. It's also more flexible and allows for better movement. Heat applied.

## SCREEN PRINTING

Special Plastisol inks are printed directly onto the fabric by automatic screen printing machines. Screen printing can be used for most logos but is better suited for larger volumes and 1 to 2 color logos.

## **PU CREST**

This is the latest technology and offering by Admiral. This badge is also heat applied. It is made of a high frequency polyurethane mold which allows for parts of the logo to be a different heights (2D). It is very light weight, flexible, allows for detail and is super durable. It's used by many English Premier League Clubs and is considered a higher quality badge.

## **EMBROIDERY**

Logos need to be specially digitized to use direct embroidery. There is a one-time fee for this digitization of the logo. Special machines stitch the logo directly to the fabric ensuring surface detail. Embroidery can be used for names, numbers and logos. Today this method is used mostly on caps as it isn't considered as "technical" as Woven or PU Crests which offer the same detail but are lighter and more comfortable to wear. As direct embroidery threads go through the fabrics, the logo can be felt from the inside of the garment.

## **MATCH NUMBER**

A new special number made from PU/Vinyl which is more durable and resists color migration. Long lasting. Heat applied.

## **PRO NUMBER**

Is a soft vinyl material which is "transferred" onto a jersey using a heat press.

## Preston

#1027 YM - AXL

New for 2013, this leading edge design features cut piece construction taken to a new level. Bold contrasting panels using our VAPORLITE fabric with strategically placed VAPORMESH inserts will not only make you look like a pro, but will allow you to perform like one as well.

Go to your youth club shop.

Select your kit pack, select recommended items.

Select Fanwear.

Coaches can review order status online easily so they know who's ordered and who hasn't to send them automatic reminders. With our online direct to player ordering, coaches at Admiral clubs can focus on coaching & playing the game.

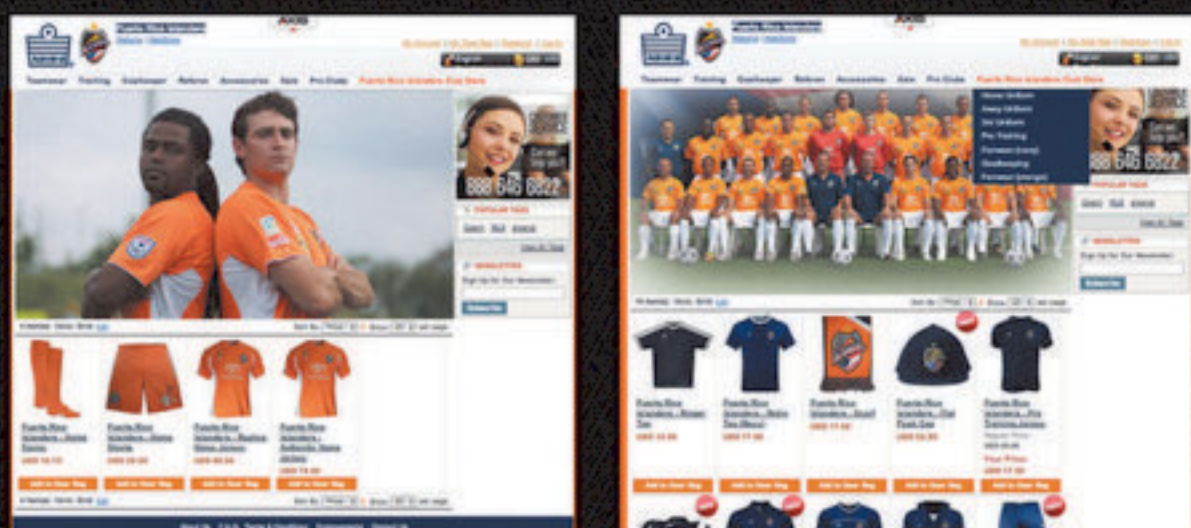

*"Make money for your club from your own club store....  
See what your club shop could look like".*

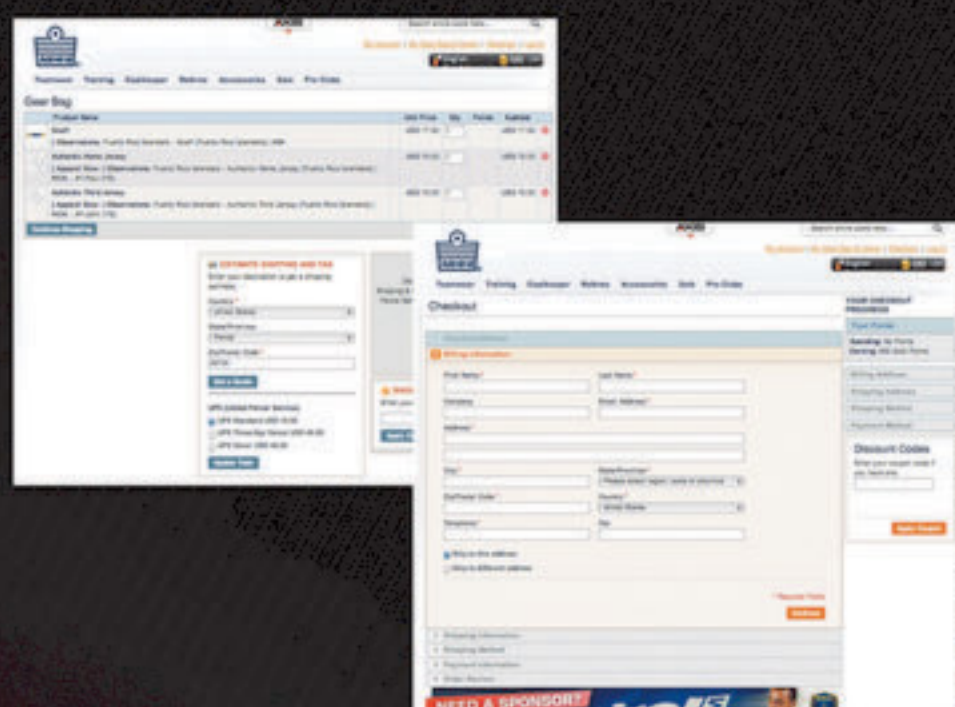

Go to your club website or to your clubs facebook page.

Fully personalised and available to buy. Customise your club shop with your teams photos, colours, logos and banners to create your clubs unique club shop identity. Your club doesn't have to purchase product tying up cash and creating administration.

Admiral's Club Shop is the perfect place to allow your fans and customers to browse for your team's products from team kit, travel wear, accessories and spiritwear including fleeces, caps and scarves.

Admiral will hold the stock for you and ship it to your customers as they order product. Our clubs generate incremental revenue from their club store with no risk. The same club store is open for youth club orders and sales direct to players with shipping direct to home. This removes the burden for our youth clubs of managing cash payments, ordering kits and distribution.

# Professional Sock

#3800 Adt/Yth/Chd/Inf

New for 2013, this sock builds on the successful elements of our proven Match sock. Featuring a contemporary fit, this sock is slightly shorter in length, not requiring turn down when fitted correctly. The padded foot, ribbed articulated ankle and arch support construction are further enhanced by a lighter weight feel and VAPORDRAW technology which will ensure that your touch and performance are at their most extreme.

## Match Sock

#3400 Adt/Yth/Chd/Inf - \*Infant available in BLW only.

The Match sock meets the highest professional standards. This performance sock also features a padded foot, ribbed articulated elastic ankle & arch support. Knitted mesh at lower back of calf and on the front ankle for added breathability. Reinforced heel and toe.

Our new range of Admiral GK gloves offers both Flat palm for a classic, comfortable design that's not too tight and not too wide and Roll finger cut for seamless all-round grip with both styles ergonomically pre-curved for best fit. We haven't developed a range with hyped up features that offer limited or no advantage to GK's. Our gloves have been designed by our pro goalkeepers for all goalkeepers.

#AGK-60RF 6-11

## AGK-60 Roll Finger

AGK gloves fit perfectly like another layer of skin and give you the confidence stop anything. Our patented Latico™ latex softens on contact and molds itself to the shape of your hand. In doing this it distributes energy across an entire surface of the glove reducing impact force and risk of injury without limiting your flexibility.

The **AGK 60** match glove is lightweight with spacer mesh for breathability, flexibility and comfort. The 4mm Super Softi with 3mm polyfoam cushion provides better cushioning and gripping power. The wrapped thumb allows the best grip whilst allowing flexibility to throw and hold the ball more easily.

Palm Pattern: Roll Finger

- Wrap thumb.
- Shot Fortification™.

Palm Foam Type: Latico™ 4mm Super Softi with 3mm polyfoam cushion substrate.

Body Material: High comfort warp knit spacer mesh.

Backhand Overlay: One-piece unibody embossed Hi-Foam.

Wrist Closure: Elastic bandage cuff with embossed 360° Hi-Foam belt.

Colorway: Lime / Black / White

# ADMIRAL CAMPS

LEARN FROM THE BEST COACHES & WIN A TRIP TO EUROPE

Admiral & John Robinson Soccer (JRS) have partnered together to provide our partners with soccer camp's to support your existing programs.

This is an opportunity for clubs and associations to generate extra revenue by having John Robinson Soccer run all or some of their camp programs.

Admiral camps are for recreational & competitive boys & girls aged 6 thru to 16 years old.

A week of soccer training & education covering; Ability, Strength & Conditioning, Technical Training, Sports Performance, Nutrition, Tactical Awareness, Psychology, Commitment & Dedication.

Your players can win a 7 day soccer experience in Europe plus free Admiral kit.

Our program is different because it's run by Legendary former players and highly qualified UEFA licensed coaches. It's led by John Robinson who played over 500 games in English Premier League & Championship and for Wales in a career spanning 17 years. Gordon Hill played for Manchester United & England, Russell Osmand played for Ipswich and England.

Talk to us about how Admiral Camps by John Robinson Soccer can support your organization.

*John Robinson,  
played 11 years for Charlton Athletic  
of the Premier League & for Wales.  
He now leads Admiral Soccer Camps  
as an Admiral Ambassador.*
